ZERODRAFT
RESIDENTIAL

- FINANCING OPTIONS -

ZERODRAFT understands that different people have different budgets. We pride ourselves on working with our customers to provide affordable comfort.

The ENERGY STAR® Loan

This is an unsecured loan through Energy Finances Solutions at the current rate. The loan is for eligible customers with no bankruptcies in the past 7 years with satisfactory credit. The loan is customizable in 3, 5, 7, & 10 year notes up to \$20,000. There is no penalty for early repayment.

The Assisted Home Performance Subsidy

This is a subsidy given to eligible homeowners that will pay for 50% of the proposed eligible measures up to a maximum award of \$5,000. The customer is then responsible for paying whatever balance remains. This is a subsidy for income-eligible homeowners or renters. One great feature of this incentive is that The Assisted Home Performance Subsidy can be combined with the ENERGY STAR® Loan.

3. Attic + Rimjoist + Walls + Floors + Windows	\$4,000

Insulation & Air Sealing

Your parents always yelled about not heating the outside and they had a point! When warm & cool air escapes, your HVAC equipment must work harder, causing your bills to go sky high. Since heat flows from warm to cold in the winter, your windows and doors are a silent escape hatch that can cost you a fortune. Ice build-up can also occur causing costly roof, ceiling and pipe damage. Of course, in the Summer it's your air conditioning that is escaping your home. This means you are losing money every second, year round.

ZERODRAFT will help you keep a lid on your home and make sure it's air tight. We use state-of-the-art products installed by highly trained, certified technicians. Plus, every product we use is environmentally friendly and completely safe when properly installed! Here's our process: we examine your home, find the problem and fix it. It's pretty simple.

Windows

We all enjoy a refreshing breeze from time to time, but you don't want to feel that same breeze coming through your closed window! Don't let drafty windows steal your money! At **ZERODRAFT**, we stress the importance of using energy efficient and durable products.

Our highly skilled staff uses superior products and takes extra time to properly air seal each window. We use top brand products along with the highest quality spray foam insulation to ensure a proper seal.

Closed Cell Spray Foam Insulation Existing Homes / New Construction / Rehab.

Closed-Cell Spray Foam Insulation outperforms traditional insulation by providing an air, water & vapor barrier in a single component.

Spray foam insulation adheres to most surfaces and expands to create a seamless, airtight building envelope.
